

# INFORM PRISON INFORMATION

Lack of information can leave prisoners feeling isolated and anxious.

Avoid miscommunication, and provide prisoners with information about their surroundings and the outside community with Unify INFORM.

## DIRECT

Whilst maintaining security protocols and following the prison governor's approval, we can provide interactive maps of the prison grounds to help prisoners find their way around, whilst identifying key points of interest on the map with photos and essential information.

## SUPPORT

The system provides details, contact information and locations of support services available to prisoners.

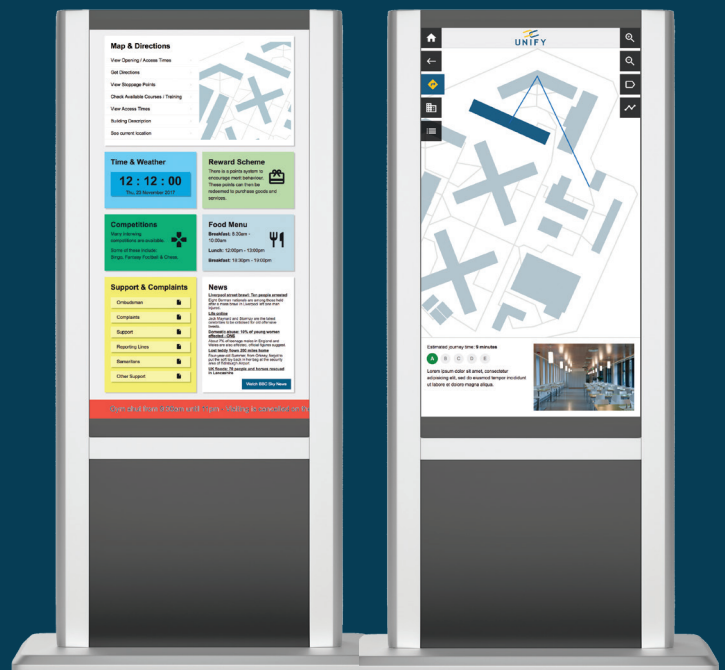

## INCLUDE

Unify INFORM displays information on groups, classes and events that may be of interest to prisoners, providing them with all the information they need to take part.

## COLLECT

The Unify Digital Signage allows prisoners to leave feedback or comments, and allows them to report complaints directly from the interactive signs.

# KEY FEATURES

## NAVIGATION

Using maps with clear imagery and stoppage points, prisoners can easily find their way around the prison.

## NEWS & WEATHER

Live feed of news and weather via RSS or live streams.

## DISPLAY INFORMATION

Information such as events, educational courses, latest menus and scrolling notices can all be displayed.

## PRISONER SUPPORT

Display contact information of available support services.

## RECEIVE FEEDBACK

Ability to submit feedback, comments and complaints via the interactive signage.

## RUGGED & VANDAL PROOF

Display screens are rugged – they are weather-proof and vandal-proof. Displays can be used internally and externally.

## VERSATILE

Can be implemented on a variety of display screens to suit the prison environment.

Providers of **innovative technology solutions to the Custodial sector**, supporting the provision of safer, more technologically advanced prison environments.
