

REWARD PRISONER INCENTIVE SOLUTION

The Incentives and Earned Privileges system is an essential tool of prison management. It promotes conformist behaviour through rational choice.

Enabling prisoners to earn benefits in exchange for responsible behaviour encourages prisoners to engage with sentence planning, and ensures a more disciplined and controlled environment which is safer for staff and prisoners. Other outcomes include a reduced risk of self-harm and improved staff-prisoner relationships.

REWARD & REHABILITATE

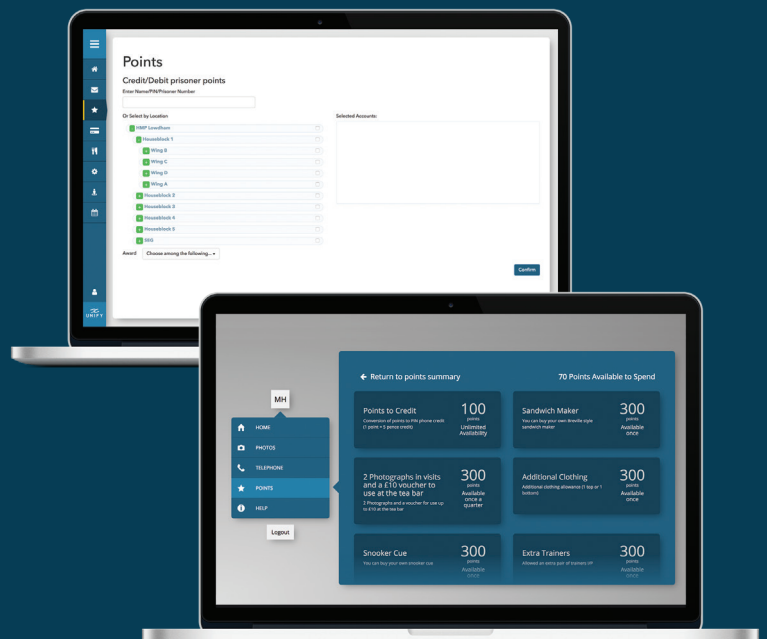

Rewarding prisoners with points in return for good behaviour provides an increased level of responsibility.

Unify Reward enables the spending of points on items such as telephone credit, in-possession property and confectionary, for example.

ACKNOWLEDGE & REWARD

Acknowledging good behaviour provides prisoners with a sense of satisfaction that they are working for a purpose, that good behaviour is being acknowledged and rewarded accordingly.

KEY FEATURES

PRISONER INCENTIVE SCHEME

Reward good behaviour with points that can be used as a currency for approved items, giving prisoners an incentive to work towards.

TRACK BALANCES

Keep a track of point balances.

PURCHASES

Purchase items with points, for example: clothing, in-possession property and telephone credits.

REPORTING

Full reports available on points activity.

UPDATE BALANCES

Ability to update balances based on a number of factors, e.g. person, location and exceptions.

EASY TO NAVIGATE

Designed for ease of use for staff and prisoners.

FLEXIBLE

Use the prisoner incentive solution in-cell via the Media Centre or communal terminals.

Providers of **innovative technology solutions to the Custodial sector**, supporting the provision of safer, more technologically advanced prison environments.
